FRIDAY

Erasmus+
Enriching lives, opening minds.

1. PROJECT WORK AT SCHOOL

At the beginning of the day, we worked on a project at school.
We created interviews with historical figures like Martin Luther, Jan Amos Comenius and Jan Hus.

We answered the questions from the perspective of the figures and presented our interviews in pairs in front of the whole group.

2. ICE CREAM BREAK

At around 11:30 a.m., we went out together to eat ice cream.
It was a nice opportunity to spend time together, talk with each other and enjoy the sunny weather.

3. ERASMUS+ EXPERIENCE

The exchange project helped us learn more about history, teamwork and communication in English.

We also got to know new people and different cultures.
